David A. Vaudt, CPA  
Auditor of State

Fellow CPAs:

This sample report is presented by the Office of Auditor of State as required by Chapter 11.6 of the Code of Iowa. In developing this report, we have made every effort to ensure the highest professional standards have been followed while attempting to provide meaningful and useful information to the citizens, our ultimate client.

Audits of governmental subdivisions should be performed in accordance with U.S. generally accepted auditing standards, standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and, if applicable, the Single Audit Act Amendments of 1996 and Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations.

References to Chapter 11 of the Code of Iowa in the Independent Auditor's Report (1) on the financial statements, (2) on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards and (3) on Compliance with Requirements Applicable to Each Major Program and on Internal Control over Compliance in Accordance with OMB Circular A-133 are no longer required. We have determined the Chapter 11 audit requirements are met through the application of generally accepted auditing standards and Government Auditing Standards. This change does NOT affect the audit procedures to be applied in auditing compliance with the requirements of Chapter 11, such as a review of internal control, testing of transactions for compliance, and for schools, an audit of the certified annual report and the certified enrollment. This only affects reporting.

This sample report has been prepared in conformity with U.S. generally accepted accounting principles and conforms to guidelines provided in Governmental Accounting and Financial Reporting Standards published by the Governmental Accounting Standards Board.

The format shows the basic financial statements, required and other supplementary information and the Schedule of Findings and Questioned Costs which are necessary to meet the requirements of this office. The detail presented in the financial statements and supplementary information is the minimum breakdown that will be acceptable subject, of course, to materiality considerations. If the auditor and the local government feel more detail is necessary to provide a fair presentation, this of course will be welcome. A sample such as this cannot present all situations which you may encounter, so the auditor's professional judgment must be used in determining the additional information to be shown as well as the footnotes to be presented.

Entities with \$500,000 or more of federal expenditures are required to receive a Single Audit in accordance with OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Any questions concerning Single Audit requirements should be directed to the County's cognizant or oversight agency.

In accordance with OMB Circular A-133, one copy of the reporting package and Data Collection Form shall be submitted within 30 days after issuance of the audit report to a central clearinghouse. The Data Collection Form is available by calling 1-800-253-0696 (Form number SF-SAC) or on the Federal Audit Clearinghouse (FAC) website at <http://harvester.census.gov/sac/>. Auditees are encouraged to use the on-line Internet submission option available on the FAC website. Submission of the on-line Internet Form SF-SAC will require the user to submit a hard copy of the final form with the auditee and auditor signatures. Additional copies of the reporting package or notifications of audit should be submitted to the central clearinghouse or to grantor pass-through entities in accordance with the filing requirements of the Circular.

The Office of Management and Budget has designated the United States Department of Commerce, Bureau of the Census as the Single Audit Clearinghouse. Reporting packages should be submitted to:

Federal Audit Clearinghouse  
1201 E. 10<sup>th</sup> Street  
Jeffersonville, IN 47132

The findings on compliance, items IV-A-06 through IV-H-06 and IV-J-06, detail those items which are to be included regardless of whether there are any instances of non-compliance or not. Any instances of non-compliance in other areas should also be reported.

We have also included a page for listing the staff actually performing the audit. Although we have found this page to be helpful, you are not required to use it.

Reports, including the management letter(s) if issued separately, are to be filed with this office within nine months following the end of the fiscal year subject to audit. However, reports should be filed with this office upon release to the County. The per diem audit billing (including fee, expenses and hours) should be submitted with the reports filed with our office.

Public access to reports issued by the Auditor of State and by CPA firms will be available through the internet. To allow this, you should submit an electronic copy of each FY2006 audit report, in PDF format, to our office in addition to the two paper copies submitted. The PDF files should be e-mailed to [submitreports@auditor.state.ia.us](mailto:submitreports@auditor.state.ia.us). If you are unable to e-mail the file, you may mail a CD containing the PDF file to our office. You may direct any questions about submitting the electronic copy of the audit report to the above e-mail address.

As required by Chapter 11 of the Code of Iowa, the news media are to be notified of the issuance of the audit report by the CPA firm, unless the firm has made other arrangements with the local government for the notification. We have developed a standard news release to be used for this purpose. The news release may be completed by the local government and a copy should be sent to this office with two copies of the audit report sent by the CPA firm. We will make a copy of the audit report and news release available to the news media in this office.

In accordance with Chapter 11 of the Code of Iowa, this office is to be notified immediately regarding any suspected embezzlement or theft.

Finally, I would like to express my appreciation to all CPA firms who are providing audit or other services to local governments. Together, we are able to provide a significant benefit to all taxpayers in the state.

DAVID A. VAUDT, CPA  
Auditor of State

## **Sample County**

### **Outline of Major Changes**

1. Deleted Official Depositories comment from Part IV of the Schedule of Findings and Questioned Costs because the State Treasurer's Office has indicated a change in procedures.

### **Additional Notes**

1. Also attached are a sample Corrective Action Plan for Federal Audit Findings (See **Sample A**) and a sample Summary Schedule of Prior Federal Audit Findings (See **Sample B**). These are provided for illustrative purposes only and are not required to be bound in the regular audit or filed with our office.
  2. The attached sample Corrective Action Plan refers the user to the County's response to the auditor's comment for the detailed corrective action planned. If the County's response to the auditor's comment does not include the details of its planned corrective action, this information should be included in the Corrective Action Plan itself.
  3. If the County has deposits in credit unions at June 30, 2006, Note 2 should be modified to indicate whether the deposits were covered by federal depository insurance, collateralized with securities or letters of credit held by the County or the County's agent in the County's name or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa.
  4. If the County operates a sanitary landfill, disclosure of the closure and postclosure care costs should be included in the notes to financial statements. In addition, findings pertaining to compliance with solid waste fees used or retained and financial assurance should be included in Part IV of the Schedule of Findings and Questioned Costs. See Sample Accrual County Landfill Association or Sample Cash County Solid Waste Management Commission for examples of the required disclosures and findings.
  5. For Counties with an early retirement or other benefit plan or policy meeting the definition of a "termination benefit" as defined by GASB Statement 47, see the "Additional Notes" section of the Sample Community School District sample report for an example footnote disclosure.
  6. The Schedule of Revenues by Source and Expenditures by Function, Schedule 5, presents the last four years of data. This schedule should eventually accumulate a ten year history of data.

**NEWS RELEASE**

Contact:

FOR RELEASE \_\_\_\_\_

Auditor of State David A. Vaudt today released an audit report on Sample County, Iowa.

The County had local tax revenue of \$\_\_\_\_\_ for the year ended June 30, 2006, which included \$\_\_\_\_\_ in tax credits from the state. The County forwarded \$\_\_\_\_\_ of the local tax revenue to the townships, school districts, cities and other taxing bodies in the County.

The County retained \$\_\_\_\_\_ of the local tax revenue to finance County operations, a(n) \_\_\_\_\_ percent increase (decrease) from the prior year. Other revenues included charges for service of \$\_\_\_\_\_, operating grants, contributions and restricted interest of \$\_\_\_\_\_, capital grants, contributions and restricted interest of \$\_\_\_\_\_, local option sales tax of \$\_\_\_\_\_, unrestricted investment earnings of \$\_\_\_\_\_ and other general revenues of \$\_\_\_\_\_.

Expenses for County operations totaled \$\_\_\_\_\_, a(n) \_\_\_\_\_ percent increase (decrease) from the prior year. Expenses included \$\_\_\_\_\_ for \_\_\_\_\_ a \_\_\_\_\_, \$\_\_\_\_\_ for \_\_\_\_\_ b \_\_\_\_\_ and \$\_\_\_\_\_ for \_\_\_\_\_ c \_\_\_\_\_. (a, b, c - functions with three highest expense totals)

The significant increase (decrease) in revenues and expenses is due primarily to \_\_\_\_\_.

A copy of the audit report is available for review in the County Auditor's Office, the Office of Auditor of State, and on the Auditor of State's web site at <http://auditor.iowa.gov/reports/reports.htm>.

Independent Auditor's Report

To the Officials of Sample County:

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Sample County, Iowa, as of and for the year ended June 30, 2006, which collectively comprise the County's basic financial statements listed in the table of contents. These financial statements are the responsibility of Sample County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Sample County at June 30, 2006, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated September 20, 2006 on our consideration of Sample County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 7 through 15 and 48 through 510 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Sample County's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2005 (which are not presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 6, including the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DAVID A. VAUDT, CPA  
Auditor of State

September 20, 2006

---

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

Sample County provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2006. We encourage readers to consider this information in conjunction with the County's financial statements, which follow.

### 2006 FINANCIAL HIGHLIGHTS

- ◆ Revenues of the County's governmental activities increased 25.8%, or approximately \$1,223,000, from fiscal 2005 to fiscal 2006. Property tax increased approximately \$100,000, operating grants and contributions increased approximately \$124,000 and capital grants and contributions increased approximately \$915,000.
- ◆ Program expenses of the County's governmental activities were 5.8%, or approximately \$278,000, more in fiscal 2006 than in fiscal 2005. Roads and transportation expense increased approximately \$258,000.
- ◆ The County's net assets increased 2.6%, or approximately \$858,000, from June 30, 2005 to June 30, 2006.

### USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the County's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Sample County as a whole and present an overall view of the County's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Sample County's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Sample County acts solely as an agent or custodian for the benefit of those outside of County government (Agency Funds).

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the County's budget for the year.

Other Supplementary Information provides detailed information about the nonmajor Special Revenue and the individual Agency Funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various programs benefiting the County.

## **REPORTING THE COUNTY'S FINANCIAL ACTIVITIES**

### *Government-wide Financial Statements*

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information which helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

The Statement of Net Assets presents all of the County's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in the County's net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The County's governmental activities are presented in the Statement of Net Assets and the Statement of Activities. Governmental activities include public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, interest on long-term debt and non-program activities. Property tax and state and federal grants finance most of these activities.

### *Fund Financial Statements*

The County has three kinds of funds:

1) Governmental funds account for most of the County's basic services. These focus on how money flows into and out of those funds, and the balances left at year-end that are available for spending. The governmental funds include: 1) the General Fund, 2) the Special Revenue Funds, such as Mental Health, Rural Services and Secondary Roads, 3) the Debt Service Fund, and 4) the Capital Projects Fund. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed, short-term view of the County's general governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

2) Proprietary funds account for the County's Internal Service, Employee Group Health Fund. Internal Service Funds are an accounting device used to accumulate and allocate costs internally among the County's various functions.

The required financial statements for proprietary funds include a statement of net assets, a statement of revenues, expenses and changes in fund net assets and a statement of cash flows.

3) Fiduciary funds are used to report assets held in a trust or agency capacity for others which cannot be used to support the County's own programs. These fiduciary funds include Agency Funds that account for drainage districts, emergency management services and the County Assessor, to name a few.

The required financial statement for fiduciary funds is a statement of fiduciary assets and liabilities.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of financial position. Sample County's combined net assets were virtually unchanged from a year ago, increasing from \$33.4 million to \$34.2 million. The analysis that follows focuses on the changes in the net assets for governmental activities.

Net Assets of Governmental Activities (Expressed in Thousands)		
	June 30,	
	2006	2005
Current and other assets	\$ 6,155	5,718
Capital assets	31,818	30,327
Total assets	37,973	36,045
Long-term liabilities	1,617	252
Other liabilities	2,141	2,436
Total liabilities	3,758	2,688
Net assets:		
Invested in capital assets, net of related debt	31,003	29,720
Restricted	2,601	2,815
Unrestricted	611	822
Total net assets	\$ 34,215	33,357

**Comparison of Net Assets**

Net assets of Sample County's governmental activities increased by less than one percent (\$34.2 million compared to \$33.4 million). The largest portion of the County's net assets is invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with resources other than capital assets. Restricted net assets represent resources subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. Unrestricted net assets—the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements—decreased from approximately \$822,000 at June 30, 2005 to approximately \$611,000 at the end of this year, a decrease of 25.7 percent.

This reduction of approximately \$211,000 in unrestricted net assets was a result of increased expenditures for roadway maintenance and capital projects. The County increased its investment in roadway equipment and road construction by approximately \$375,000 over the prior year. The County has adopted a five year plan to replace aging equipment and bring all County secondary roads up to the standards established by the County Planning Committee and adopted by the County Board of Supervisors on March 22, 2006.

Changes in Net Assets of Governmental Activities  
(Expressed in Thousands)

	Year ended June 30,	
	2006	2005
Revenues:		
Program revenues:		
Charges for service	\$ 438	407
Operating grants, contributions and restricted interest	1,213	1,089
Capital grants, contributions and restricted interest	1,305	390
General revenues:		
Property tax	1,411	1,311
Penalty and interest on property tax	54	49
State tax credits	320	330
Local option sales tax	579	579
Grants and contributions not restricted to specific purposes	393	192
Unrestricted investment earnings	211	251
Other general revenues	45	148
Total revenues	5,969	4,746
Program expenses:		
Public safety and legal services	523	511
Physical health and social services	548	539
Mental health	418	422
County environment and education	263	247
Roads and transportation	2,168	1,910
Governmental services to residents	126	127
Administration	423	417
Non-program	597	647
Interest on long-term debt	45	13
Total expenses	5,111	4,833
Increase (decrease) in net assets	858	(87)
Net assets beginning of year	33,357	33,444
Net assets end of year	\$ 34,215	33,357

Sample County's net assets of governmental activities increased by approximately \$858,000 during the year. Revenues for governmental activities increased by approximately \$1,223,000 over the prior year, with property tax revenue up from the prior year by approximately \$100,000, or 5.3 percent.

The County increased property tax rates for 2006 by an average of 5 percent. This increase, the first in three years, raised the County's property tax revenue by approximately \$100,000 in 2006. Based on increases in the total assessed valuation, property tax revenue is budgeted to increase by an additional \$75,000 next year.

The cost of all governmental activities this year was \$5.1 million compared to \$4.8 million last year. However, as shown in the Statement of Activities on page 18, the amount taxpayers ultimately financed for these activities was only \$2.2 million because some of the cost was paid by those directly benefited from the programs (\$438,000) or by other governments and organizations that subsidized certain programs with grants and contributions (\$2,518,000). Overall, the County's governmental program revenues, including intergovernmental aid and fees for services, increased in 2006 from approximately \$1,886,000 to \$2,956,000, principally due to receiving grant proceeds for the completion of the Courthouse renovation project. The County paid for the remaining "public benefit" portion of governmental activities with approximately \$1,990,000 in taxes (some of which could only be used for certain programs) and with other revenues, such as interest and general entitlements.

#### **INDIVIDUAL MAJOR FUND ANALYSIS**

As Sample County completed the year, its governmental funds reported a combined fund balance of \$3.7 million, an increase of more than \$678,000 above last year's total of \$3.0 million. The increase in fund balance is primarily attributable to a \$1,000,000 general obligation bond issue during the year. The following are the major reasons for the changes in fund balances of the major funds from the prior year:

- General Fund revenues and expenditures remained consistent when compared to the prior year. The ending fund balance showed a modest decline of \$97,000 from the prior year to \$1,274,000.
- The County has continued to look for ways to effectively manage the cost of mental health services. For the year, expenditures totaled approximately \$418,000, a decrease of 1% from the prior year. The Mental Health Fund balance at year ended increased by approximately \$209,000 over the prior year.
- Secondary Roads Fund expenditures increased by approximately \$258,000 over the prior year, due principally to an increase in roadway maintenance as the County continues to aggressively upgrade the condition of the County roadway system. This increase in expenditures resulted in a decrease in the Secondary Roads Fund ending balance of approximately \$157,000, or 11.6%.
- There were no significant changes in revenues, expenditures and the fund balance of the Debt Service Fund.
- During the year ended June 30, 2006, the County issued \$1 million of general obligation bonds to help finance an addition to the County courthouse. The proceeds from the bond issue were placed in a Capital Projects Fund set up to account for this major project. Approximately \$696,000 remained in the Capital Projects Fund at the end of the year.

## BUDGETARY HIGHLIGHTS

Over the course of the year, Sample County amended its budget two times. The first amendment was made in March 2006 and resulted in an increase in budgeted disbursements related to a Community Development Block grant received from the State of Iowa. The grant, for the renovation of the courtroom and clerk's offices, involved a 25% County match. The project encountered a \$25,000 cost overrun. However, this did not result in an increase in taxes as the County received more intergovernmental revenues than originally budgeted and earned more interest on investments than originally projected. The second amendment was made on June 30, 2006. This amendment was made to provide for additional expenditures in certain County departments.

Even with these amendments, the County exceeded the budgeted amounts in the non-program and capital projects functions for the year ended June 30, 2006. The County forwarded certain grant proceeds to the City of Anywhere without budgeting for this activity.

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

At June 30, 2006, Sample County had approximately \$31.8 million invested in a broad range of capital assets, including public safety equipment, buildings, park facilities, roads and bridges. This is a net increase (including additions and deletions) of approximately \$1,491,000, or 4.9 percent over last year.

Capital Assets of Governmental Activities at Year End (Expressed in Thousands)		
	June 30,	
	2006	2005
Land	\$ 611	600
Buildings and improvements	566	563
Equipment and vehicles	1,334	964
Infrastructure	29,307	28,200
Total	\$ 31,818	30,327
This year's major additions included (in thousands):		
Capital assets contributed by the Iowa Department of Transportation	\$	1,000
County road 55 reconstruction project		679
Replacement of two motorgraders and other secondary roads equipment		522
Courthouse improvement project		26
County Sheriff and conservation vehicles		147
Total	\$	2,374

The County had depreciation expense of \$996,618 in FY06 and total accumulated depreciation of \$4,266,926 at June 30, 2006.

The County's fiscal year 2006 capital budget included \$1,500,000 for capital projects, principally for the addition to the County courthouse and for continued upgrading of secondary roads and bridges. The County has no plans to issue additional debt to finance these projects. Rather, the County will use bond proceeds from this year and resources on hand in the County's fund balance. More detailed information about the County's capital assets is presented in Note 5 to the financial statements.

## Long-Term Debt

At June 30, 2006, Sample County had approximately \$1,576,000 in general obligation bonds and other debt outstanding compared to approximately \$222,000 at June 30, 2005, as shown below.

Outstanding Debt of Governmental Activities at Year-End (Expressed in Thousands)		
	June 30,	
	2006	2005
General obligation bonds	\$ 1,000	155
Capital lease purchase agreements	436	67
Drainage warrants and improvement certificates	140	-
Total	\$ 1,576	222

Debt increased as a result of issuing general obligation bonds for the courthouse addition. In addition, the County entered into a capital lease purchase agreement to acquire two new motor graders.

The County continues to carry a general obligation bond rating of Aa3 assigned by national rating agencies to the County's debt since 1995. The Constitution of the State of Iowa limits the amount of general obligation debt counties can issue to 5 percent of the assessed value of all taxable property within the County's corporate limits. Sample County's outstanding general obligation debt is significantly below its constitutional debt limit of \$26 million. Additional information about the County's long-term debt is presented in Note 7 to the financial statements.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Sample County's elected and appointed officials and citizens considered many factors when setting the fiscal year 2007 budget, tax rates, and the fees charged for various County activities. One of those factors is the economy. The County's nonagricultural employment growth has mirrored its population growth during 2000-2005, averaging per year gains of 2.2 percent. Unemployment in the County now stands at 3.1 percent versus 3.2 percent a year ago. This compares with the State's unemployment rate of 3.4 percent and the national rate of 3.9 percent.

Inflation in the State continues to be somewhat lower than the national Consumer Price Index increase. The State's CPI increase was 3.2 percent for fiscal year 2005 compared with the national rate of 3.4 percent. Inflation has been modest here due in part to the slowing of the residential housing market and increases in energy prices.

These indicators were taken into account when adopting the budget for fiscal year 2007. Amounts available for appropriation in the operating budget are \$4.7 million, an increase of 6 percent over the final 2006 budget. Property tax (benefiting from the 2006 rate increase and increases in assessed valuations) and grant receipts (boosted by increased State funding in several of our current programs) are expected to lead this increase. Sample County will use these increases in receipts to finance programs we currently offer and offset the effect we expect inflation to have on program costs. Budgeted disbursements are expected to rise by approximately \$125,000. Increased wage and cost-of-living adjustments, and increases in roadway construction and maintenance, represent the largest increases. The County has added no major new programs or initiatives to the 2007 budget.

If these estimates are realized, the County's budgetary operating balance is expected to modestly increase by the close of 2007.

#### **CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of Sample County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Sample County Auditor's Office, 101 Main Street, City of Anywhere, Iowa 50XXX-XXXX.

Sample County  
Reconciliation of the Balance Sheet -  
Governmental Funds to the Statement of Net Assets

June 30, 2006

**Total governmental fund balances (page 21)** \$ 3,724,484

***Amounts reported for governmental activities in the Statement of Net Assets are different because:***

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the funds. The cost of assets is \$36,084,846 and the accumulated depreciation is \$4,266,926. 31,817,920

Other long-term assets are not available to pay current period expenditures and, therefore, are deferred in the funds. 243,909

The Internal Service Fund is used by management to charge the costs of the partial self funding of the County's health insurance benefit plan to individual funds. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Net Assets. 51,112

Long-term liabilities, including capital lease purchase agreements payable, bonds payable, compensated absences payable and accrued interest payable, are not due and payable in the current period and, therefore, are not reported in the funds. (1,621,959)

**Net assets of governmental activities (page 18)** \$ 34,215,466

Sample County  
Reconciliation of the Statement of Revenues, Expenditures and  
Changes in Fund Balances -  
Governmental Funds to the Statement  
of Activities

Year ended June 30, 2006

**Net change in fund balances - Total governmental funds (page 25)** \$ 678,596

***Amounts reported for governmental activities in the Statement of  
Activities are different because:***

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Capital outlay expenditures and contributed capital assets exceeded depreciation expense in the current year as follows:

Expenditures for capital assets	\$ 1,489,521	
Capital assets contributed by the Iowa Department of Transportation	1,000,000	
Depreciation expense	<u>(996,618)</u>	1,492,903

In the Statement of Activities, the loss on the disposition of capital assets is reported whereas the governmental funds report the proceeds from the sale as an increase in financial resources.

(1,630)

Because some revenues will not be collected for several months after the County's year end, they are not considered available revenues and are deferred in the governmental funds, as follows:

Property tax	4,024	
Other	<u>21,192</u>	25,216

Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year issues exceeded repayments as follows:

Issued	(1,605,728)	
Repaid	<u>251,690</u>	(1,354,038)

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds, as follows:

Compensated absences	(10,312)	
Interest on long-term debt	<u>(4,143)</u>	(14,455)

The Internal Service Fund is used by management to charge the costs of employee health benefits to individual funds. The change in net assets of the Internal Service Fund is reported with governmental activities.

31,764

**Change in net assets of governmental activities (page 19)**

Sample County  
Notes to Financial Statements  
June 30, 2006

**(1) Summary of Significant Accounting Policies**

Sample County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff, and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance, and general administrative services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

**A. Reporting Entity**

For financial reporting purposes, Sample County has included all funds, organizations, agencies, boards, commissions and authorities. The County has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the County.

These financial statements present Sample County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

**Blended Component Units** – The following component units are entities which are legally separate from the County, but are so intertwined with the County that they are, in substance, the same as the County. They are reported as part of the County and blended into the appropriate funds.

Twenty-three drainage districts have been established pursuant to Chapter 468 of the Code of Iowa for the drainage of surface waters from agricultural and other lands or the protection of such lands from overflow. Although these districts are legally separate from the County, they are controlled, managed and supervised by the Sample County Board of Supervisors. The drainage districts are reported as a Special Revenue Fund. Financial information of the individual drainage districts can be obtained from the Sample County Auditor's Office.

Jointly Governed Organizations – The County also participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: County Assessor's Conference Board, County Emergency Management Commission, County Public Safety Commission and County Joint E911 Service Board. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County.

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Assets presents the County's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories.

*Invested in capital assets, net of related debt* consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

*Restricted net assets* result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net assets* consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue:

The Mental Health Fund is used to account for property tax and other revenues designated to be used to fund mental health, mental retardation, and developmental disabilities services.

The Rural Services Fund is used to account for property tax and other revenues to provide services which are primarily intended to benefit those persons residing in the county outside of incorporated city areas.

The Secondary Roads Fund is used to account for secondary road construction and maintenance.

The Debt Service Fund is utilized to account for the payment of interest and principal on the County's general long-term debt.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

Additionally, the County reports the following funds:

Proprietary Fund - An Internal Service Fund is utilized to account for the financing of goods or services purchased by one department of the County and provided to other departments or agencies on a cost reimbursement basis.

Fiduciary Funds - Agency Funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units and/or other funds.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursements grant resources to such programs, followed by categorical block grants, and then by general revenues.

The proprietary fund of the County applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Fund is charges to customers for sales and services. Operating expenses for Internal Service Funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

#### D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents – The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund, unless otherwise provided by law. Investments are stated at fair value except for the investment in the Iowa Public Agency Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Property Tax Receivable – Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2004 assessed property valuations; is for the tax accrual period July 1, 2005 through June 30, 2006 and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March 2005.

Interest and Penalty on Property Tax Receivable – Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

Drainage Assessments Receivable – Drainage assessments receivable represent amounts assessed to individuals for work done on drainage districts which benefit their property. These assessments are payable by individuals in not less than 10 nor more than 20 annual installments. Each annual installment with interest on the unpaid balance is due on September 30 and is subject to the same interest and penalties as other taxes. Delinquent drainage assessments receivable represent assessments which are due and payable but have not been collected. Succeeding year drainage assessments receivable represents remaining assessments which are payable but not yet due.

Due from and Due to Other Funds – During the course of its operations, the County has numerous transactions between funds. To the extent certain transactions between funds had not been paid or received as of June 30, 2006, balances of interfund amounts receivable or payable have been recorded in the fund financial statements.

Due from Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories – Inventories are valued at cost using the first-in, first-out method. Inventories in the Special Revenue Funds consist of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Capital Assets – Capital assets, which include property, equipment and vehicles, and infrastructure assets (e.g., roads, bridges, curbs, gutters, sidewalks, and similar items which are immovable and of value only to the government), are reported in the governmental activities column in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Infrastructure	\$ 50,000
Land, buildings and improvements	25,000
Equipment and vehicles	5,000

Capital assets of the County are depreciated using the straight line method over the following estimated useful lives:

Asset Class	Estimated Useful lives (In Years)
Buildings	40 - 50
Building improvements	20 - 50
Infrastructure	30 - 50
Equipment	2 - 20
Vehicles	3 - 10

Due to Other Governments – Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable – Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Deferred Revenue – Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivable and other receivables not collected within sixty days after year end.

Deferred revenue in the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and unspent grant proceeds.

Compensated Absences – County employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide, proprietary fund and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2006. The compensated absences liability attributable to the governmental activities will be paid primarily by the General, Mental Health, Rural Services and Secondary Roads Funds.

Long-term liabilities – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund Statement of Net Assets. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity – In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Net Assets – The net assets of the Employee Group Health Fund is designated for anticipated future catastrophic losses of the County.

#### E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2006, disbursements exceeded the amounts budgeted in the non-program and capital projects functions and disbursements in certain departments exceeded the amounts appropriated.

### **(2) Cash and Pooled Investments**

The County's deposits in banks at June 30, 2006 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

Investments are stated at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

At June 30, 2006 the County had the following investments:

Type	Fair Value	Maturity
Federal National Mortgage Association (FNMA)	<u>\$ 203,987</u>	October 2006

In addition, the County had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$505,000 pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Interest rate risk. The County's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the County.

Credit risk. The County's FNMA investment at June 30, 2006 is rated Aaa by Moody's Investors service. The investment in Iowa Public Agency Investment Trust is unrated.

Concentration of credit risk. The County places no limit on the amount that may be invested in any one issuer. More than 5 percent of the County's investments are in the Federal National Mortgage Association. The County's investment in the Federal National Mortgage Association is 28.77 percent of the County's total investments.

### (3) Due From and Due to Other Funds

The detail of interfund receivables and payables at June 30, 2006 is as follows:

Receivable Fund	Payable Fund	Amount
General	Special Revenue: Rural Services	\$ 6,922
Special Revenue: Secondary Roads County Recorder's Records Management	General	29,261
	General	150
Total		<u>\$ 36,333</u>

These balances result from the time lag between the dates interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system and payments between funds are made.

### (4) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2006 is as follows:

Transfer to	Transfer from	Amount
Special Revenue: Secondary Roads	General	\$ 50,139
	Special Revenue: Rural Services	586,160
Total		<u>\$ 636,299</u>

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

**(5) Capital Assets**

Capital assets activity for the year ended June 30, 2006 was as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
<b>Governmental activities:</b>				
Capital assets not being depreciated:				
Land	\$ 600,250	10,800	-	611,050
Construction in progress	-	379,466	-	379,466
Total capital assets not being depreciated	600,250	390,266	-	990,516
Capital assets being depreciated:				
Buildings	1,102,636	25,745	-	1,128,381
Improvements other than buildings	22,793	-	-	22,793
Equipment and vehicles	1,927,365	745,510	(57,719)	2,615,156
Infrastructure, road network	30,000,000	1,328,000	-	31,328,000
Total capital assets being depreciated	33,052,794	2,099,255	(57,719)	35,094,330
Less accumulated depreciation for:				
Buildings	553,315	22,568	-	575,883
Improvements other than buildings	9,400	456	-	9,856
Equipment and vehicles	963,682	373,594	(56,089)	1,281,187
Infrastructure, road network	1,800,000	600,000	-	2,400,000
Total accumulated depreciation	3,326,397	996,618	(56,089)	4,266,926
Total capital assets being depreciated, net	29,726,397	1,102,637	(1,630)	30,827,404
Governmental activities capital assets, net	\$ 30,326,647	1,492,903	(1,630)	31,817,920

Depreciation expense was charged to the following functions:

Governmental activities:	
Public safety and legal services	\$ 41,716
Physical health and social services	8,353
Mental health	1,480
County environment and education	6,711
Roads and transportation	881,070
Governmental services to residents	735
Administration	56,553
Total depreciation expense - governmental activities	<u>\$ 996,618</u>

**(6) Due to Other Governments**

The County purchases services from other governmental units and also acts as a fee and tax collection agent for various governmental units. Tax collections are remitted to those governments in the month following collection. A summary of amounts due to other governments is as follows:

Fund	Description	Amount
General	Services	\$ 20,592
Special Revenue:		
Mental Health	Services	23,432
Secondary Roads	Services	238
		<u>23,670</u>
Total for governmental funds		<u>\$ 44,262</u>
Agency:		
County Assessor	Collections	\$ 225,008
Schools		4,857,590
Community Colleges		212,112
Corporations		879,412
Auto License and Use Tax		71,593
All other		<u>188,797</u>
Total for agency funds		<u>\$ 6,434,512</u>

**(7) Changes in Long-Term Liabilities**

A summary of changes in long-term liabilities for the year ended June 30, 2006 is as follows:

	Capital Lease Purchase Agreements	General Obligation Bonds	Drainage Warrants	Drainage Improvement Certificates	Compen- sated Absences	Total
Balance beginning of year	\$ 66,752	155,000	-	-	30,460	252,212
Increases	465,515	1,000,000	118,948	21,265	47,812	1,653,540
Decreases	<u>96,690</u>	<u>155,000</u>	<u>-</u>	<u>-</u>	<u>37,500</u>	<u>289,190</u>
Balance end of year	<u>\$ 435,577</u>	<u>1,000,000</u>	<u>118,948</u>	<u>21,265</u>	<u>40,772</u>	<u>1,616,562</u>
Due within one year	<u>\$ 97,629</u>	<u>130,000</u>	<u>-</u>	<u>-</u>	<u>40,772</u>	<u>268,401</u>

### Capital Lease Purchase Agreements

The County has entered into capital lease purchase agreements to lease a telephone system and two motor graders with historical costs of \$56,000 and \$575,000, respectively. The following is a schedule of the future minimum lease payments, including interest ranging from 5.09% to 5.50% per annum, and the present value of net minimum lease payments under the agreements in effect at June 30, 2006:

Year ending June 30,	Telephone System	Motor Graders	Total
2007	\$ 9,605	120,904	130,509
2008	9,605	120,904	130,509
2009	9,605	120,904	130,509
2010	802	120,904	121,706
Total minimum lease payments	29,617	483,616	513,233
Less amount representing interest	(3,644)	(74,012)	(77,656)
Present value of net minimum lease payments	\$ 25,973	409,604	435,577

Payments under capital lease purchase agreements totaled \$115,405 for the year ended June 30, 2006.

### Bonds Payable

A summary of the County's June 30, 2006 general obligation bonded indebtedness is as follows:

Year ending June 30,	Interest Rates	Principal	Interest	Total
2007	7.00%	\$ 130,000	64,760	194,760
2008	7.30	130,000	65,209	195,209
2009	7.50	140,000	58,551	198,551
2010	7.75	140,000	50,460	190,460
2011	8.00	150,000	41,047	191,047
2012	8.00	150,000	28,390	178,390
2013	8.00	160,000	14,700	174,700
Total		\$ 1,000,000	323,117	1,323,117

During the year ended June 30, 2006, the County issued \$1,000,000 in general obligation bonds and retired \$155,000 of bonds.

### Drainage Warrants/Drainage Improvement Certificates Payable

Drainage warrants are warrants which are legally drawn on drainage district funds but are not paid for lack of funds, in accordance with Chapter 74 of the Code of Iowa. The warrants bear interest at rates in effect at the time the warrants are first presented. Warrants will be paid as funds are available.

Drainage improvement certificates payable represent amounts due to purchasers of drainage improvement certificates. Drainage improvement certificates are waivers that provide for a landowner to pay an improvement assessment in installment payments over a designated number of years with interest at a designated interest rate. The improvement certificates representing those assessments or installments due from the landowner are sold for cash as interest bearing certificates. Funds received from the sale of certificates are used to pay outstanding registered warrants issued to contractors who perform work on drainage district improvements and registered warrants issued for other related costs. Drainage improvement certificates are redeemed and interest paid to the bearer of the certificate upon receipt of the installment payment plus interest, from the landowner.

Drainage warrants and drainage improvement certificates are paid from the Special Revenue Fund solely from drainage assessments against benefited properties.

#### **(8) Pension and Retirement Benefits**

The County contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Most regular plan members are required to contribute 3.70% of their annual covered salary and the County is required to contribute 5.75% of covered salary. Certain employees in special risk occupations and the County contribute an actuarially determined contribution rate. Contribution requirements are established by state statute. The County's contributions to IPERS for the years ended June 30, 2006, 2005 and 2004 were \$88,430, \$88,136 and \$76,159, respectively, equal to the required contributions for each year.

#### **(9) Risk Management**

Sample County is a member in the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 531 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained to equal 300 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-

end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The County's property and casualty contributions to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The County's annual contributions to the Pool for the year ended June 30, 2006 were \$55,989.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim and \$5,000,000 in aggregate per year. For members requiring specific coverage from \$2,000,000 to \$10,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$100,000 each occurrence, each location, with excess coverage reinsured on an individual-member basis.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event that a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The County does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable that such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2006, no liability has been recorded in the County's financial statements. As of June 30, 2006, settled claims have not exceeded the risk pool or reinsurance coverage since the pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their capital contributions. If a member withdraws after the sixth year, the member is refunded 100 percent of its capital contributions. However, the refund is reduced by an amount equal to the annual operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The County also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond in the amount of \$500,000 and \$100,000, respectively. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### **(10) Employee Health Insurance Plan**

The Internal Service, Employee Group Health Fund was established to account for the partial self funding of the County's health insurance benefit plan. The plan is funded by both employee and County contributions and is administered through a service agreement with Wellmark. The agreement is subject to automatic renewal provisions. The County assumes liability for claims up to the individual stop loss limitation of \$20,000. Claims in excess of coverage are insured through purchase of stop loss insurance.

Monthly payments of service fees and plan contributions to the Employee Group Health Fund are recorded as expenditures from the operating funds. Under the administrative services agreement, monthly payments of service fees and claims processed are paid to Wellmark from the Employee Group Health Fund. The County's contribution for the year ended June 30, 2006 was \$184,313.

Amounts payable from the Employee Group Health Fund at June 30, 2006 total \$52,700, which is for incurred but not reported (IBNR) and reported but not paid claims. The amounts are based on actuarial estimates of the amounts necessary to pay prior-year and current-year claims and to establish a reserve for catastrophic losses. That reserve was \$51,112 at June 30, 2006 and is reported as a designation of the Internal Service, Employee Group Health Fund net assets. A liability has been established based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Settlements have not exceeded the stop-loss coverage in any of the past three years. A reconciliation of changes in the aggregate liability for claims for the current year is as follows:

Unpaid claims beginning of year	\$ 43,300
Included claims (including claims incurred but not reported at June 30, 2006):	
Current year events	194,500
Prior year events	<u>(5,000)</u>
Total incurred claims	<u>189,500</u>
Payments:	
Current year events	141,800
Prior year events	<u>38,300</u>
Total payments	<u>180,100</u>
Unpaid claims end of year	<u><u>\$ 52,700</u></u>

#### **(11) Construction Commitment**

The County has entered into a contract totaling \$1,058,042 for bridge construction and roadway paving. As of June 30, 2006, costs of \$350,420 on the project have been incurred. The balance remaining on the project at June 30, 2006 (\$707,622) will be paid as work on the project progresses.

The County has also entered into contracts totaling \$972,600 for Courthouse renovations. As of June 30, 2006, costs of \$362,750 on the project have been incurred. The \$609,850 balance remaining on the project at June 30, 2006 will be paid as work on the project progresses.

**(12) Jointly Governed Organization**

Sample County participates in the Sample County Public Safety Commission, a jointly governed organization formed pursuant to the provisions of Chapter 28E of the Code of Iowa. Financial transactions of this organization are included in the County's financial statements as part of the Other Agency Funds because of the County's fiduciary relationship with the organization. The following financial data is for the year ended June 30, 2006:

## Sample County

### Notes to Required Supplementary Information – Budgetary Reporting

June 30, 2006

The budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all funds except blended component units and Agency Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon 10 major classes of expenditures known as functions, not by fund. These 10 functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the General Fund, the Special Revenue Funds, the Debt Service Fund and the Capital Projects Fund. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, two budget amendments increased budgeted disbursements by \$102,479. The budget amendments are reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2006, disbursements exceeded the amounts budgeted in the non-program and capital projects functions and disbursements in certain departments exceeded the amounts appropriated.

## Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Officials of Sample County:

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Sample County, Iowa, as of and for the year ended June 30, 2006, which collectively comprise the County's basic financial statements listed in the table of contents and have issued our report thereon dated September 20, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered Sample County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Sample County's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in Part II of the accompanying Schedule of Findings and Questioned Costs.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item II-A-06 is a material weakness.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sample County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Sample County and other parties to whom Sample County may report including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Sample County during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Independent Auditor's Report on Compliance with Requirements  
Applicable to Each Major Program and on Internal Control over Compliance  
in Accordance with OMB Circular A-133

To the Officials of Sample County:

Compliance

We have audited the compliance of Sample County, Iowa, with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended June 30, 2006. Sample County's major federal program is identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to its major federal program is the responsibility of Sample County's management. Our responsibility is to express an opinion on Sample County's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Sample County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Sample County's compliance with those requirements.

In our opinion, Sample County complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2006. However, the results of our auditing procedures disclosed an instance of non-compliance with those requirements that is required to be reported in accordance with OMB Circular A-133 and is described as item III-A-06 in the accompanying Schedule of Findings and Questioned Costs.

Internal Control Over Compliance

The management of Sample County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Sample County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect Sample County's ability to administer a major federal program in accordance with applicable requirements of laws, regulations, contracts and grant agreements. Reportable conditions are described as items III-B-06 and III-C-06 in the accompanying Schedule of Findings and Questioned Costs.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that non-compliance with applicable requirements of laws, regulations, contracts and grant agreements caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item III-B-06 is a material weakness.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Sample County and other parties to whom Sample County may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

Auditor of State

September 20, 2006

Sample County  
Schedule of Findings and Questioned Costs  
Year ended June 30, 2006

**Part I: Summary of the Independent Auditor's Results:**

- (a) Unqualified opinions were issued on the financial statements.
- (b) Reportable conditions in internal control over financial reporting were disclosed by the audit of the financial statements, including a material weakness.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) Reportable conditions in internal control over major programs were disclosed by the audit of the financial statements, including a material weakness.
- (e) An unqualified opinion was issued on compliance with requirements applicable to the major program.
- (f) The audit disclosed an audit finding which is required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) The major program was CFDA Number 14.228 – Community Development Block Grants/State's Program.
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) Sample County did not qualify as a low-risk auditee.

Sample County  
Schedule of Findings and Questioned Costs  
Year ended June 30, 2006

**Part II: Findings Related to the Financial Statements:**

**REPORTABLE CONDITIONS:**

- II-A-06 Segregation of Duties – During our review of internal control, the existing procedures are evaluated in order to determine that incompatible duties, from a control standpoint, are not performed by the same employee. This segregation of duties helps to prevent losses from employee error or dishonesty and therefore maximizes the accuracy of the County's financial statements.

One individual in the County Treasurer's office has custody of receipts and performs all record-keeping and reconciling functions for the office, including those related to all federal programs.

Recommendation – We realize segregation of duties is difficult with a limited number of office employees. However, the County Treasurer should review the operating procedures of the office to obtain the maximum internal control possible under the circumstances.

Response – We have reviewed procedures and plan to make the necessary changes to improve internal control. Specifically, the custody, record-keeping and reconciling functions currently performed by the Deputy Treasurer will be separated and spread among the County Treasurer, Deputy Treasurer and Clerk. We plan to implement these changes by October 31, 2006.

Conclusion – Response accepted.

- II-B-06 Financial Reporting – Procedures were not in place to verify the accuracy of financial reports and to ensure timely submission, including federal financial status reports for the Watershed Protection and Flood Prevention program. See item III-C-06.
- II-C-06 Information Systems – During our review of internal control, the existing control activities in the County's computer based systems were evaluated in order to determine activities, from a control standpoint, were designed to provide reasonable assurance regarding the achievement of objectives in the reliability of financial reporting, effectiveness and efficiency of operations and compliance with applicable laws and regulations. The following weaknesses in the County's computer based systems were noted:

The County does not have written policies for:

- password privacy and confidentiality.
- requiring password changes because software does not require the user to change log-ins/passwords periodically.
- ensuring only software licensed to the County is installed on computers.

Sample County

Schedule of Findings and Questioned Costs

Year ended June 30, 2006

- usage of the internet.
- requiring the use of an anti-virus program on computers.
- requiring user profiles to help limit access to programs to those who have a legitimate need.
- personal use of computer equipment and software.

Also, the County does not have a written disaster recovery plan and does not require back up tapes to be stored off site daily in a fire proof vault or safe.

Recommendation – The County should develop written policies addressing the above items in order to improve the County's control over computer based systems. A written disaster recovery plan should be developed and back-up tapes should be stored off site daily in a fireproof vault or safe.

Response – The County will comply in the future with these recommendations. County officials have discussed and agree that these policies are needed.

Conclusion – Response accepted.

**INSTANCE OF NON-COMPLIANCE:**

No matters were reported.

Sample County  
Schedule of Findings and Questioned Costs  
Year ended June 30, 2006

**Part III: Findings and Questioned Costs For Federal Awards:**

**INSTANCE OF NON-COMPLIANCE:**

**CFDA Number 14.228: Community Development Block Grants/State's Program**  
**Pass-through Agency Number: 05-ED-199**  
**Federal Award Year: 2006**  
**U.S. Department of Housing and Urban Development**  
**Passed through the Iowa Department of Economic Development**

III-A-06 Unsupported Expenditures – All federal costs are to be properly documented and supported in accordance with OMB Circular A-87. Equipment costs of \$1,541 and labor costs of \$450 on site number 42 and equipment costs of \$10,589 on site number 41 were claimed but were not properly supported. As a result, the County was reimbursed \$12,580 in federal funds in excess of the amount authorized under the program. The scope of our testing included 25 out of 100 sites and \$532,000 out of \$2,765,000 total expenditures.

Recommendation – The County should implement procedures to ensure expenditures are properly supported. In addition, the County should contact the Iowa Department of Economic Development to determine the appropriate resolution of the questioned costs.

Response – We will revise our procedures so that documentation (e.g. invoices and time cards) is maintained to support federal expenditures. We returned the \$12,580 in questioned costs to the Iowa Department of Economic Development on October 1, 2006.

Conclusion – Response accepted.

**REPORTABLE CONDITIONS:**

**CFDA Number 14.228: Community Development Block Grants/State's Program**  
**Pass-through Agency Number: 05-ED-199**  
**Federal Award Year: 2006**  
**U.S. Department of Housing and Urban Development**  
**Passed through the Iowa Department of Economic Development**

III-B-06 Segregation of Duties over Federal Revenues – The County Treasurer did not properly segregate custody, record-keeping and reconciling functions for revenues, including those related to federal programs. See item II-A-06.

Sample County

Schedule of Findings and Questioned Costs

Year ended June 30, 2006

III-C-06 Financial Reporting – Financial reports were prepared by the County Conservation Director’s secretary, but there was no independent verification or reconciliation of information presented. In addition, the grant agreement for the Watershed Protection and Flood Prevention program requires the County to submit quarterly reports showing all federal activity within one month of the end of the quarter. None of the four quarterly reports were submitted timely and numerous errors resulted in variances between reported and actual activity of up to \$15,000. The County submitted corrected reports for all quarters and, accordingly, there were no questioned costs.

Recommendation – The County should implement procedures that provide for an independent review of financial reports for accuracy and completeness. In addition, the County should establish procedures to ensure timely remittance of federal financial reports in accordance with grant requirements.

Response – We agree with the auditor’s recommendation and will comply. Beginning November 1, 2006, the County Conservation Director will review financial reports for accuracy, completeness and timely remittance.

Conclusion – Response accepted.

Sample County  
Schedule of Findings and Questioned Costs  
Year ended June 30, 2006

**Part IV: Other Findings Related to Required Statutory Reporting:**

- IV-A-06 Certified Budget – Disbursements during the year ended June 30, 2006 exceeded the amounts budgeted in the non-program and capital projects functions. Disbursements in certain departments exceeded the amounts appropriated.

Recommendation – The budget should have been amended in accordance with Chapter 331.435 of the Code of Iowa before disbursements were allowed to exceed the budget.

Chapter 331.434(6) of the Code of Iowa authorizes the Board of Supervisors, by resolution, to increase or decrease appropriations of one office or department by increasing or decreasing the appropriation of another office or department as long as the function budget is not increased. Such increases or decreases should be made before disbursements are allowed to exceed the appropriation.

Response – We will amend the budget when required and appropriations will be watched more closely by the departments.

Conclusion – Response accepted.

- IV-B-06 Questionable Expenditures – Certain expenditures were noted that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 since the public benefits to be derived have not been clearly documented. These expenditures are detailed as follows:

Paid to	Purpose	Amount
Anywhere Flower Shop	Flower arrangements for gifts	\$ 332
Anywhere Quick Shop	Pop and food for County employees	239

According to the opinion, it is possible for certain expenditures to meet the test of serving a public purpose under certain circumstances, although such items will certainly be subject to a deserved close scrutiny. The line to be drawn between a proper and improper purpose is very thin.

Recommendation – The Board of Supervisors should determine and document the public purpose served by these expenditures before authorizing any further payments. If this practice is continued, the County should establish written policies and procedures, including requirements for proper documentation.

Response – We will document this in the future.

Conclusion – Response accepted.

Sample County

Schedule of Findings and Questioned Costs

Year ended June 30, 2006

IV-C-06 Travel Expense – No expenditures of County money for travel expenses of spouses of County officials or employees were noted.

IV-D-06 Business Transactions – No business transactions between the County and County officials or employees were noted.

IV-E-06 Bond Coverage – Surety bond coverage of County officials and employees is in accordance with statutory provisions, except the County Treasurer was only bonded for \$25,000.

Recommendation – The Treasurer's bond should be increased to \$50,000 as required by Chapter 64.10 of the Code of Iowa. Also, the amount of all bonds should be periodically reviewed to ensure the coverage is adequate for current operations.

Response – We will comply.

Conclusion – Response accepted.

IV-F-06 Board Minutes – No transactions were found that we believe should have been approved in the Board minutes but were not. However, the Board went into closed session on May 1, 2006 to discuss matters relating to the County. The minutes record did not document the vote of each member on the question of holding the closed session as required by Chapter 21.5(2) of the Code of Iowa.

Recommendation – The Board of Supervisors should ensure all closed meetings comply with Chapter 21 of the Code of Iowa.

Response – This was an oversight. We usually record the vote as required and will do so in the future.

Conclusion – Response accepted.

IV-G-06 Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the County's investment policy were noted.

IV-H-06 Resource Enhancement and Protection Certification – The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).

IV-I-06 Capital Lease Purchase Agreements – During the year ended June 30, 2006, the County entered into a capital lease purchase agreement for the purchase of two motor graders for the Secondary Roads department. However, a public hearing was not held prior to the authorization of this lease purchase agreement as required by Chapter 331.301(10)(e) or Chapters 331.478 and 331.479 of the Code of Iowa.

Sample County

Schedule of Findings and Questioned Costs

Year ended June 30, 2006

Recommendation – The County should consult legal counsel for the disposition of this matter. In the future, the County should hold a public hearing prior to the authorization of a lease purchase agreement in accordance with Chapter 331.301(10)(e) or Chapters 331.478 and 331.479 of the Code of Iowa.

Response – We will consult legal counsel and this will be complied with in the future.

Conclusion – Response accepted.

IV-J-06 County Extension Office – The County Extension Office is operated under the authority of Chapter 176A of the Code of Iowa and serves as an agency of the State of Iowa. This fund is administered by an Extension Council separate and distinct from County operations and, consequently, is not included in Exhibits A or B.

Disbursements during the year ended June 30, 2006 for the County Extension Office did not exceed the amount budgeted.

The County Extension Office received 4-H donations. These receipts were not reflected in the Extension Council's accounting system and have not been included in the annual budget or monthly financial reports. Disbursements from these proceeds were not approved by the Extension Council prior to payment.

Recommendation – This activity should be included in the Extension Council's annual budget and financial statements. All disbursements should be approved by the Council prior to payment.

Response – We will include this activity in our financial reports and annual budget starting next fiscal year.

Conclusion – Response accepted.

---
